Chinese Resent the Wounding of One of Their Women.

## TRAIN SHOOT HER FOR A BIRD

Rear Admiral Train Gets Mobbed and His Son Was Held as a Hostage—Marines Come to His Rescue and Fire Two Volleys.

(By Associated Press.)  
LONDON, Oct. 30.—A despatch from Shanghai says that Rear Admiral Train, Commander-in-chief of the American Asiatic Squadron, and his son, Lieutenant Train, have been victims of a savage attack by Chinese outside of Nanking.

The American officers were pleasant when the admiral accidentally shot a Chinese woman, slightly injuring her. Hundreds of villagers thereupon surrounded the officers, took away their guns, knocked the admiral down in the mud and held Lieutenant Train as a hostage.

Forty American marines, forming a rescue party, were attacked by a mob of Chinese who tried to pitchfork the officers, the marines being obliged to fire twice. The Chinese officials refused to restore the officers' guns, and reported the villagers.

Nanking has been active in the boycotting of American goods and is the center of activity on the part of Japanese students.

## MEMPHIS BELONGS TO MISSISSIPPI

Vardaman Now Has a Chance to invade the Commonwealth to the North.

(Special to the Daily Press.)  
MEMPHIS, TENN., Oct. 30.—In examining old papers bearing on the Louisiana boundary dispute, the Mississippi commission has discovered a batch of original land grants which indicate that the northern line of Mississippi was originally the Wolf river. As all of the city lies along and below the southern bank of this stream, it would be in Mississippi, should that State push its claim successfully. While the boundary commission believes that Mississippi could make a good case, it is unlikely that it will be attempted.

## DECIDES FOR SWAYNE.

U. S. Supreme Renders Decision in Favor of Jurist.

(By Associated Press.)  
WASHINGTON, D. C., Oct. 30.—The case of United States Judge Charles Swayne, of Florida, who was the subject of impeachment proceedings by the Senate during the last session of Congress, was decided today by the Supreme Court of the United States in connection with a decision in the case of Florida McGuire vs. William A. Blount, involving title of land near Pensacola, Fla.

The opinion in the case was rendered by Judge Day and sustained the decision of the Court of Appeals for the Sixth circuit, which was favorable to Blount. Judge Swayne sat in the trial of this case and during its progress was requested to excuse himself and not sit in the case because, as was alleged in the petition, his wife owned an interest in the property.

In the course of his decision Justice Day said that no interest in the case by Mrs. Swayne had been shown in any competent manner and no adequate reason for Judge Swayne's retirement from the case had been given.

## WANTED.

SCORES OF THE BEST BUSINESS  
and professional men in Newport  
News are stockholders in the Capuzaya  
Mining Co. More are buying every day.  
Many are doubling their subscriptions.  
And while we do not ask you to buy  
simply because we have bought, we  
would suggest that you consider well  
this opportunity to buy good legitimate  
commercial mining stock at \$5.00 per  
share. When we think of this great  
opportunity we are reminded of the  
words of Julius Caesar, who said:  
"There is a tide in the affairs of men  
which taken at its flood leads on to  
foe tune, etc."

And of another equally as pertinent:  
"Doubt is a traitor, and makes us lose  
the good we oft might win by fearing  
to attempt." Ella Wheeler Wilcox  
says: "More fortunes have been lost  
by over-caution than by rashness."  
Statistics show that \$100,000,000 is  
paid out annually in mining dividends.  
Capuzaya should begin to yield soon.

## Eye Troubles

Most eye troubles arise from natural  
causes. For instance, as you get old-  
er, the eyeball grows stiffer, just as  
the muscles of your body grow stiffer.  
From your 40th year and afterwards  
you simply must have glasses to read  
and see with. No matter how healthy  
you are, you will find that you need  
these helps to sight.

Other natural causes frequently arise  
in young persons, making eyeglasses  
imperative to preserve and strengthen  
the sight.
